Retail is the process of selling consumer goods or services to customers through multiple channels of distribution to earn a profit. Retailers satisfy demand identified through a supply chain.The term "retailer" is typically applied where a service provider fills the small orders of many individuals, who are end-users, rather than large orders of a small number of wholesale, corporate or ...

Retail - Wikipedia

Description: TheÅ Department of Health and Human Services (HHS) announced today that Medicare spent \$473.1 billion less on personal health care expenditures between 2009 and 2014 than would have been spent if the 2000-2008 average growth rate had continued through 2014.
