Breadth of coverage trumps depth for all topics. In an evaluation of efforts to introduce more rigorous algebra lessons to Los Angeles high school students, teachers reported that pressure to keep up with the pacing guide frustrated their attempts to immerse students in challenging tasks (David & Greene, 2007).

I think that regardless of the grading system you use or the assessments themselves, self-paced learning is still a viable option. We're just looking at different pacing of lessons according to student needs. The key would be tying the assessments you currently use or those you create (Step 2) to a self-pacing guide (Step 3).
