Horizontal Inequalities and Conflict: Understanding Group Violence in Multiethnic Societies (Conflict, Inequality and Ethnicity) Paperback - April 24, 2008 by F. Stewart (Editor) 5.0 out of 5 stars 2 ratings

Horizontal Inequalities and Conflict: Understanding Group ...

Horizontal inequalities, between natives and migrants, are key factors in understanding when and where violence against migrants breaks out. In order to prevent the outbreak of nativist violence, we recommend that policy-makers take steps to promote the political and economic inclusion of indigenous groups, specifically in the context of high-migrations.

Horizontal Inequalities and Conflict | SpringerLink

The concept and theory of horizontal inequalities is also gaining purchase in donor agencies and the broader international development community, particularly in the context of specific countries undergoing or recently emerged from violent conflicts in which such inequalities appear to have played an important role.

Horizontal inequalities and conflict: a critical review ...

This chapter advances the view that horizontal inequalities, or inequalities among identity groups, are an important cause of violent conflict in multiethnic or multi-religious societies. It follows that horizontal inequalities need to be monitored in multi-ethnic societies; and where they are found to be large, corrective policies are needed.
