Moments of magical realism in U.S. ethnic literatures ...

A Look at Magical Realism. Magical realism is a movement that spans beyond just literature into art and movies. While the origins of this movement are hard to pinpoint, the term was coined in by German art critic Franz Roh in the 1920s for magical elements appearing in European paintings. However, that was simply the first time the word was recognized.

Magical Realism: Definition and Examples in Literature

"Magical realism is, more than anything else, an attitude toward reality that can be expressed in popular or cultured forms, in elaborate or rustic styles in closed or open structures. In magical realism the writer confronts reality and tries to untangle it, to discover what is mysterious in things, in life, in human acts.

Elements of Magical Realism | Michelle Witte

Magical realism (or magic realism) is a term first used in the art world by German critic Franz Roh (1925) and later in literature by Cuban author Alejo Carpentier (1949). It typically refers to the coexistence of the real and fantastical, the natural and the supernatural, the normal and magical worlds.
