3. Manticore. One of the most forbidding of all mythical creatures, the manticore was a bloodthirsty quadruped that supposedly sported the head of a blue-eyed man, the auburn body of a lion and ...

### 6 Mythical Monsters - HISTORY

Necromancy can be divided into two main branches: Divination by means of ghosts, and divination from corpses. The second method leads to the disinterment of corpses and rifling of graves for grisly charms which magicians and witches consider necessary for the effective performance of the magical arts.

Technically, the -mancy and -kinesis suffixes are both misnomers. "Mantia" stands for divination, making "Necromancy" the mystical practice of communicating with the dead but not necessarily bringing them Back from the Dead. "Kinesis" is "Movement", and thus might refer to being able to manipulate something but not will it into being.
