The Art Instinct: Beauty, Pleasure, and Human Evolution ...

The Art Instinct combines two of the most fascinating and contentious disciplines, art and evolutionary science, in a provocative new work that will revolutionize the way art itself is perceived. Aesthetic taste, argues Denis Dutton, is an evolutionary trait, and is shaped by natural selection. It's not, as almost all contemporary art criticism and academic theory would have it, "socially constructed."

The Art Instinct: Beauty, Pleasure, and Human Evolution by ...

He restores the place of beauty, pleasure, and skill as artistic values. Sure to provoke discussion in scientific circles and uproar in the art world, The Art Instinct offers radical new insights into both the nature of art and the workings of the human mind.more.
